Name	Gary Quick
Trustee Since	November 2025
Trust Roles	Chair of Trust Finance Group (TFG), Member of Club Trust Working Group, Trust appointed member of the Club Board, Member of the Club Audit Committee

It's been a busy and challenging first year, below is my summary of achievements.

- Took on the Chair of the TFG at a very tumultuous time for Club/Trust relations. Re-formed the group hired a new Finance Officer and recruited an external member with complimentary skills.
- Was a founder member of the Club Trust Working Group and chaired it from November to May (resigned due to being appointed to the Club Board). This group has markedly improved relations between Trust and Club, rebuilding trust and working with each other rather than against each other.
- Was appointed to the Club Board in May and have attended all meetings, represented the Trusts interests and working constructively with the Club to achieve our joint aims.
- Started the process of seeking advice to regularise the loan agreements between Trust and Club and examine the terms of the proposed rights issue (stepped away when appointed to Club Board).
- Drove the process to bring the Recovery Room issue to a conclusion.
- Identified potentially significant savings in card processing costs for the Trust (work in progress).
- Personally, introduced two significant sponsors to the Commercial Team, one of whom is now an official Club Partner.
- Utilised my professional connections around the city and beyond to increase the Trust and Club profile.
